

# BAKING AND COOKING BASEPAPERS

**MetsäTissue**

Metsä Tissue is one of Europe's leading suppliers of greaseproof baking and cooking paper products and basepapers. We convert for our own brand SAGA as well as for customer labels. Greaseproof papers are **highly hygienic** and **heat resistant**, which means they have a wide variety of uses in industrial applications, bakeries, professional kitchens as well as for households.

Metsä Tissue's greaseproof papers are bleached using modern, elemental chlorine free ECF technology, which guarantees that the highest hygiene demands are met. The paper has an excellent aroma barrier. Our range includes various grades of basepaper which can be used for various end-uses.

## Metsä Tissue Basepapers:

Grade name	Grammage g/m <sup>2</sup>	ISO-Brightness %	Grease-proofness Helga ml/h	Wet strength yes/no	Heat resistance Bursting strength 246°C/6 min (kPa)	Ideal for	Old Ref. code
